One of the major landscaping players in Qatar. with a wide range of high-end turnkey landscaping services, water features, soft & hard landscape design, and maintenance.

Our green footprint

Sustainability

Given the fact, that the next new wave in city planning is “Eco-City”, in response to global climate changes crisis and considering that the concept of “eco-city” is sometimes observed as an ideal concept that is not possible to achieve in the real world; Elegancia Landscape believes in maintaining Landscapes that are healthy for people, the community and the planet. We are committed to the principles of sustainability, including educating our clients and the community about eco-friendly landscaping practices.

Elegancia Landscape is contributing in eco-city settlement where it allows the citizen to live and work using minimum and green resources.

As part of our ongoing strategy, we are dedicated to a quality policy of development and adherence. Our commitment to creating a sustainable environment is apparent in every project we undertake.

Design and Engineering

Our design team comprise highly skilled professionals delivering uniquely creative concepts supported by our established quality management system, which determines the stages and controls of the design and development processes.

We offer exceptional ideas for all aspects of Landscape design and the related technical services to fit your lifestyle and business needs, while guaranteeing the execution cost for your project.

Street Furniture

Elegancia Landscape's street furniture is a collective object and a masterpiece equipment that beautifies the streets, roads and parks of Doha. Our design and placement of furniture considers visual identity, function and road safety. Elegancia Landscape supplies, installs & maintains, all types of Urban Furnitures to streetscapes and public/private gardens, parks & open places, such as:

- Benches
- Bike racks
- Drinking water fountains
- Trash bins
- Bollards
- Sculptures
- Metal fences
- Signages

Play Equipment

Modern playgrounds often have recreational equipment such as the seesaw, swing set, slide, jungle gym, chin-up bars, sandbox, spring rider, trapeze rings, playhouses, and mazes. Elegancia Landscape motivates and help the children to develop physical coordination, strength, and flexibility, as well as providing recreation and enjoyment and supporting their social and emotional development through supplying, installing and maintaining all types of play equipment including:

- Outdoor playground
- Plastic toy series & fiber
- Material playground surface
- Children soft play equipment
- Fitness equipments

AL KHOR PARK

SHERATON HOTEL

LAQTIFIA PARK

Nursery

By definition, a plant nursery is an enclosed or fenced area designated for the short term and longtime growing of the plant materials in anticipation of moving them to other sites or location at their appropriate maturing; that's why we have one of the biggest nurseries in the GCC with an area of 500,000 m². The plants and related flora placed in your project, will be the most important for your Landscape success.

- Massive Stock of Plants and Trees
- Production Facilitation like Green House
- Soil Mixture Preparation Area
- Store for Nursery Materials
- Native Plant like Shrubs and Trees
- Different kinds of High-Quality Turf Area
- Professionally Qualified and Well Experienced Managerial and Supervisory Expertise
- Over 200 gardeners, operators, and skilled labors.

We continuously strive to enhance our nursery with the latest innovations to ensure that we provide our projects with the highest-quality plant specimens that meet the region's exact specifications.

Health and Safety

All injuries and incidents are prevented with the implementation of our safe working environment policy.

We conduct induction training into Elegancia Landscape's awareness safety scheme for all our new staff members and provide them with all the necessary PPE.

We maintain a healthy, safe and pollution free environment at all our offices and sites.

We have achieved an ongoing track record for over 1 million manhours without accident.

All our projects are constantly updated on protective environmental policies.

We continuously monitor our workforce accommodation for quality of living and lifestyle standards in compliance with environmental regulations and Qatar's directives for employee accommodation.
