SCARAB®

SCARAB JET BOAT IS THE BEST, BALDEST JETBOAT ON WATER!

SCARAB is one of the main brand of Groupe Beneteau which has developed unique skillsets and technical know-how. With its international industrial capabilities and global sales network, the Groupe employs 7,400 people. Scarab, the jet boat specialist, designs and produces its groundbreaking boats for watersports in the US.

Powered by a Rotax® jet system, similar to jet-ski engines, Scarabs are renowned for their high-level finish, exceptional handling, and safety performance.

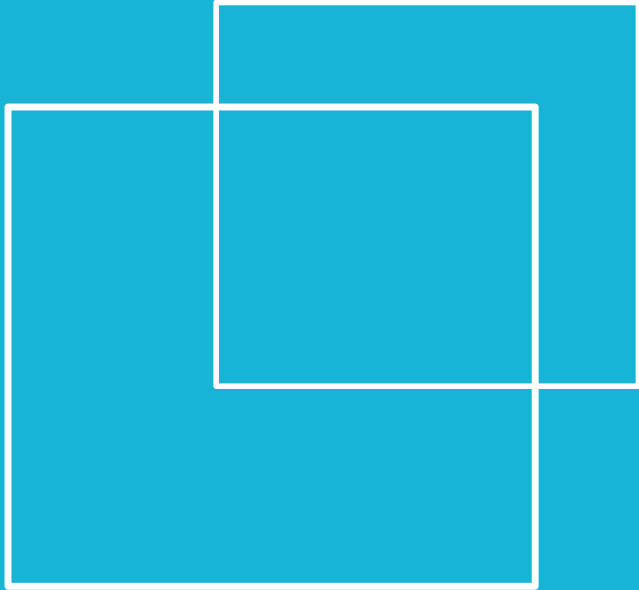

The entire Scarab lineup, widely acclaimed by the versatile boater, is reinforcing the brand's pioneering status.

Determined , Progressive and Fun

As people are always on a journey of discovery, be it physically exploring the great outdoors, or pushing one's own limits in terms of speed, power or endurance. For that reason, CFMOTO strives to offer a portfolio of products to meet the needs of everyone, regardless of skill level and usage scenario. Through these experiences, together we create a holistic culture of exploration, and create more experience with the world.

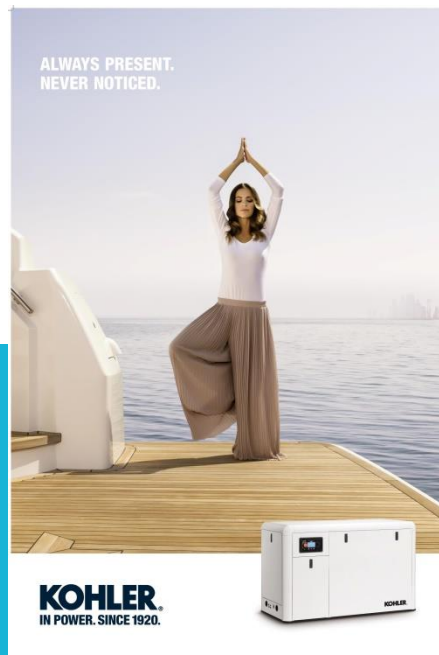

MARINE PRODUCTS

KOHLER MARINE GENERATOR

Kohler Power Marine Generator is Since 1920, had one simple goal: build the best generators in the world. KOHLER provides complete power systems, including generators (portable, residential, industrial and marine), automatic transfer switches, switchgear, monitoring controls, and accessories for emergency, prime power and energy-management applications. Kohler, provide complete end-to-end support everywhere around the world.

The quality culture is driven by ISO 9001. Kohler has reached ISO 9001:2015 in both the United States and Singapore. Our other manufacturing locations are certified to ISO 9001:2008 and in the process to obtain ISO 9001:2015.

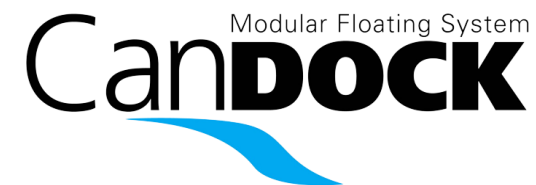

COOLMAR MARINE AIR CONDITIONING SYSTEMS

Special dimensions and models and with innovative designs. In addition to project designing and documentation, we render service in this sector with fancoil units, ventilation fans, exhaust fans, air conditioning plants, cooling systems, machinery ventilation fans, heat exchangers, central heating systems, split and package type air conditioners, inverter systems and other relevant products.

These products were designed so as to be silent and operate with minimum energy and maximum efficiency in smallest possible dimensions for flybridges, sailing boats, catamarans, yachts and superyachts by focusing on comfort. We provide options appropriate for design of your boat by air conditioner control display with elegant looking vimar frame which is manufactured by us and has superior technical properties.

MODULER FLOATING SYSTEMS

CANDOCK has developed an expertise in producing the highest quality plastics. Today, our customers can benefit from our ability to manufacture a wide range of products in our recently expanded plant equipped with modern and high-performance equipment, is also CERTIFIED ISO 9001:2008, 14001:2004. We are continuing our research and development to offer you the highest quality products on the market today. Our sophisticated technology, combined with our expert customer service, has made Candock a leader in the international market. Our docks are ready to use on delivery for any large-scale projects.

Candock's products are manufactured accordingly to the strictest of industry standards

WALCON

WALCON MARINE

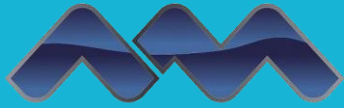

DESIGN, CONSTRUCTION & INSTALLATION OF MARINA

Walcon Marine is the market leader in marina construction, design and installation, yacht harbour construction projects, working harbours, and berthing facilities around the world.

As probably the longest established and most experienced marina construction company in its field, Walcon Marine is a global organisation and has provided some 100,000 berths for marina projects and installations worldwide, with harbours, floating pontoons, access bridges and docks installed in over thirty different countries on five continents.

The whole ethos of the company is one of friendly professionalism, with a desire to provide a uniquely comprehensive service from initial consultation to finished product.

ATLANTIC MARINE

ATLANTIC MARINE MARINA DOCKING SYSTEMS

Atlantic Marine is recognized leader in the design and build of marinas and berthing facilities. Established for 20 years, the company is based in western France. In 2001, the marina division of Simoneau Marine was taken over by Atlantic Marine.

With a team of highly skilled workers and professional, Atlantic Marine provides full services from preliminary design to final testing and commissioning. Every country and site being particular, custom-built equipment are developed to suit all needs to customer satisfaction.

WATER SPORTS

RED SHARK SURF BIKES

Red shark bikes have a series of trimarans allowing cyclists to take on aquatic surfaces like rivers, lakes and seas. CEO and industrial designer Josep Rubau is the person behind the invention, who has previously designed cars for volkswagen as well as the tramontana supercar.

Red Shark's three models include adventure (for the athlete looking to improve performance), fun and sport (targeting the adventure adds frame-mounted packs and a waterproof storage trunk as well as thicker plastic reinforcing the a foldable design, retractable rudder, salt water-proof drive shaft and stainless steel nuts and bolts.

WaveShark

WaveShark in the field of e-surfingis

Wave Shark is the only leading brand in the field of e-surfing that possess a global research and development team and integrated manufacturing capabilities.

We are committed to providing users worldwide with the ultimate water sports experience, advocating a philosophy of life that is leading-edge and technology-oriented, aiming at providing the sensation of “having a controllable wave in the palm of your hand while riding the water underneath your feet” to more and more enthusiasts.

Letting everyone enjoy the ultimate sensation of this adventure sport through innovative technology.

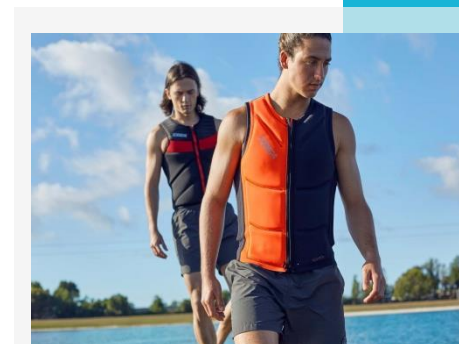

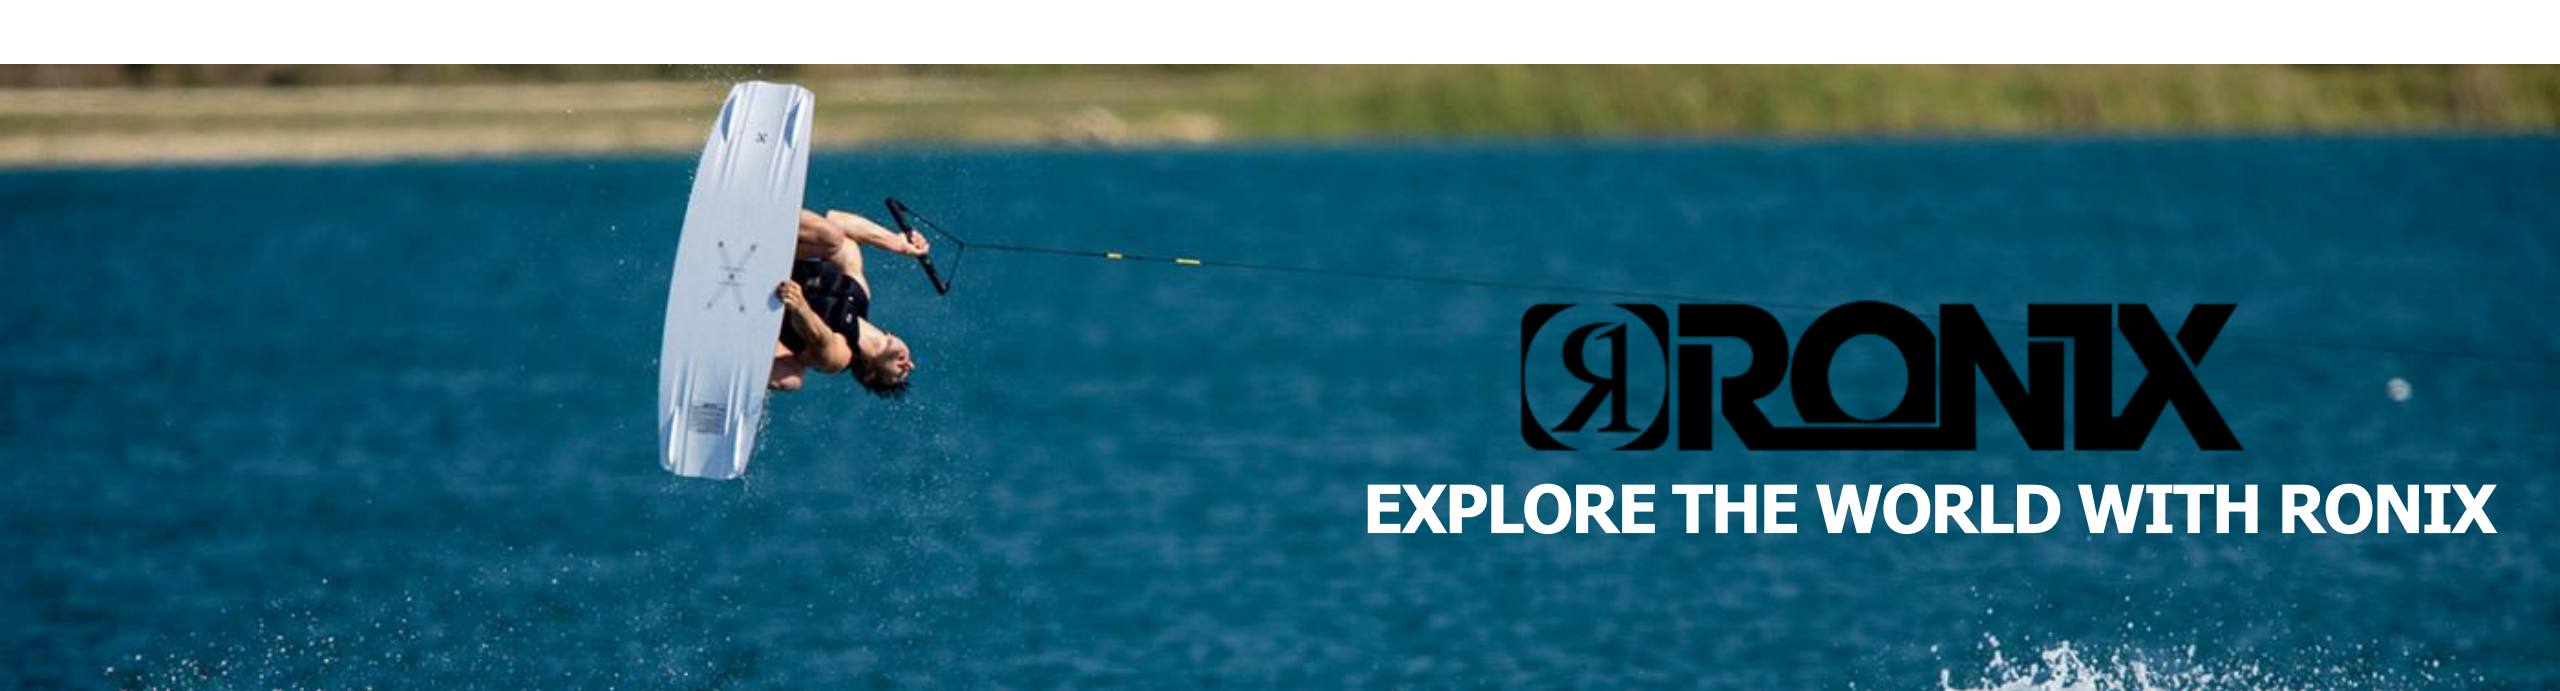

GETS YOU ON THE WATER

Jobe is for everyone. We are a community, a global movement, a family of real people, who are discovering the beauty of watersports.

Jobe creates unforgettable #jobemoments for everyone since 1974. No matter who you are, no matter your age or size, no matter your background. When you want to get on the water, you will fit in our family. We develop our products with the greatest care and highest quality materials, every day again. This is what “gets you on the water” means to us. Join our family and share in our love for watersports.

EXPLORE THE WORLD WITH RONIX

Ronix created the first wakeboard in 1990, Only 1 factor matters to us – **the quality of our product**. Sourcing new memory foam in footwear, or a weave of glass better than anything Massi has ever experienced off the wake. Ronix is a company that is **surrounded by perfection** with products that take longer to make and are ridden harder.

A non-venting venture of artists, engineers, riders and others as owners making riding devices collectively crafted for the imagination of wakeboarding. Our axiom will always be based on products and tales of tomorrows riding. A chance to make a point, confront the norm, and answer the questions why.

Go Deep with Subblue For a Fully Immersive Experience

Subblue designs and manufactures innovative underwater scooters and drones in the forefront of industrial technology research and development. It creates a new lifestyle of exploring the underwater worlds. Subblue's two innovative product lines redefine an amusement of discovering underwater worlds with over 190 technical patents supported for life adventures and environmentalists.

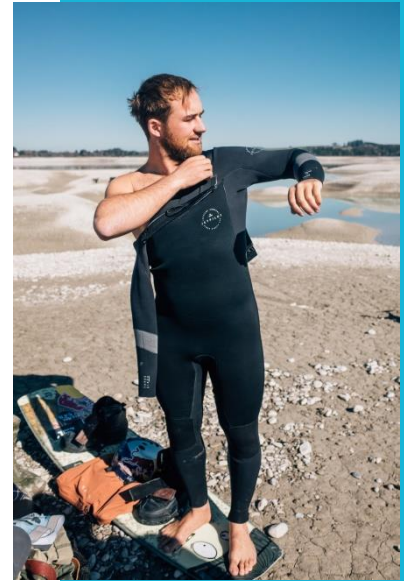

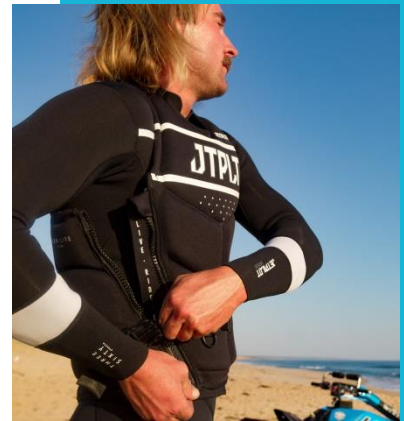

ABOVE THE WATERLINE

Jetpilot is the title of the new direction in water sports gear. Jetpilot was born in 1986 when it made a name for itself by creating the most technically advanced wetsuits, vests, and apparel for the sport of personal watercraft racing.

The racing side of the watercraft market was getting very exciting and Jetpilot helped build the hype by developing the personalities that we still know today, such as Jammer, Fish, Mac, Slasher, Haulin Harry, Hollywood Watkins, Rick Roy, and Christy Carlson. These riders captured the youth globally and made followers see through Jetpilot's marketing how exciting the sport could be. The Jetpilot marketing viewed the riders beneath the helmet and provided a vision of an exciting, hardcore lifestyle.

Today, after 34 years in business we are proud to support several of the world's top Wakeboarders, PWC race/free riders, and wake surfers. Our drive to provide the best possible gear to people that love spending their free time on the water is the driving force in our continual search for innovative discoveries.

SEA LIFE

SHIMANO

SHIMANO FISHING EQUIPMENT

**IT'S THE POTENTIAL POWER! THE POTENTIAL OF FISHING GEARS!
THE POTENTIAL OF ANGLERS!**

When all combined, unimaginable strength emerges. That is the strength of power of SHIMANO fishing products!

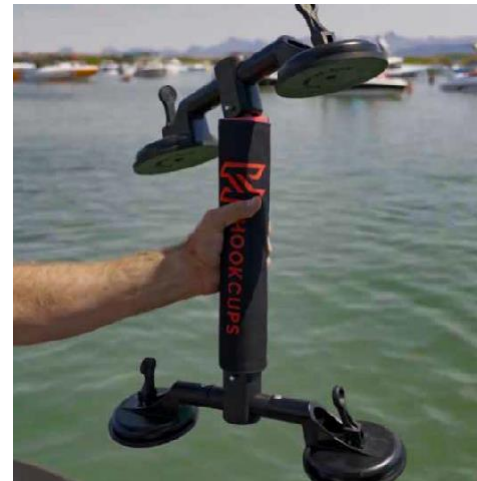

SHIMANO sports fishing culture is one of the most popular outdoor sports. Wind touching the skin, sunlight streaming through the trees and wave patterns covering the water excite the hearts of people. Aiming to become a company to create excitements among people. We will continue to support people to realize their dreams to create new lifestyles to bring them closer to nature and share the joy of life with each other.

HOOKCUPS™ THE HOOKCUPS SYSTEM

Connecting boats has always been messy and at times unsafe, Our founder, Steven, knew there had to be a better way. So in early 2020 he went to work on designing an easier and safer way to connect boats on the water. As a result, HookCups™ was created.

HookCups™ are designed to keep you connected to other boaters, allowing you to float with friends, family and even new connections.

A vibrant tropical beach scene. In the foreground, two palm trees with lush green fronds lean diagonally across the frame from the left. The ground is a mix of dry grass and sand. The middle ground features a wide, pristine white sandy beach that stretches towards the ocean. The water is a brilliant turquoise color, with gentle waves lapping at the shore. The horizon is a straight line under a clear, bright blue sky dotted with a few wispy white clouds. The overall atmosphere is one of a peaceful, idyllic vacation spot.

BEACH LIFE

CAPELLE

M I A M I

Capelle Miami Miami Based Swimwear

Nearly one year later in 2017, Capelle Miami was born. A luxury brand for men with revolutionary innovation and distinctive designs. Capelle Miami set out to change the way men view their swimwear options.

We are inspired by South Florida's palm tree decorated beaches, hazy ocean air and vibrant glow of the Miami skyline. The South Florida mentality that summer is year-round has gone global with Capelle Miami, now as a brand recognized worldwide.

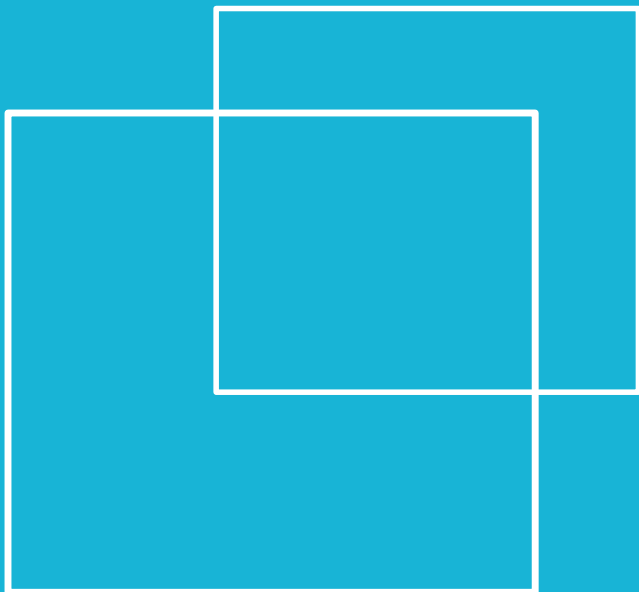

BIGMOUTH INC

JUST SOME FUN!

BigMouth Inc. is a designer and manufacturer of outrageous lifestyle products based in USA. Every item we offer is exclusively designed and manufactured. If you are looking for the perfect gift for a friend (or yourself, don't lie), BigMouth products are always a hit.

We super-size everyday moments with our uniquely outrageous products. From our infamous Giant Pool Floats to laugh-out-loud Drinkware (and everything in-between), we're here to bring BIG fun to any of life's adventures.

OTHER PRODUCTS
